# SUBJECT INDEX*

A

**Abdomen**
Significant hypomagnesemia after celiotomy: implications of preoperative bowel cleansing with sodium phosphate purgative (Schwarz and Zagala-Nevarez). 2002;131:236 (Letter)

**Abdomen, acute**
Bedside diagnostic minilaparoscopy in the intensive care patient (Gagné et al). 2002;131:491-6

**Academic medical centers**
Success, women, and academic surgery (Flannery). 2002;131:670-1

**Accreditation**
The ACGME "Outcomes Project" (Pellegrini). 2002;131:214-5
Comment from American Board of Surgery (Ritchie et al). 2002;131:212-3 (Commentary)
It takes a faculty (DaRosa). 2002;131:205-9
Measure of competence (Trunkey). 2002;131:210-1 (Commentary)

**Adenocarcinoma**
Clinical significance of serum TH1/TH2 cytokines in patients with pulmonary adenocarcinoma (Yamazaki et al). 2002;131:S236-41
Paucity of dendritic cells in pancreatic cancer (Dallal et al). 2002;131:135-8
A time trend of profile and surgical results in 1123 patients with non-small cell lung cancer (Yoshino et al). 2002;131:S242-8

**Adenoma**
The role of adenoma for colorectal cancer development: differences in the distribution of adenoma with low-grade dysplasia, high-grade dysplasia, and cancer that invades the submucosa (Ikeda et al). 2002;131:S105-8
The value of sestamibi scans (Arici and Clark). 2002;131:238-9 (Letter reply)
The value of sestamibi scans (Hodin). 2002;131:238 (Letter)

**Adenomatous polyposis coli**
Nitric oxide synthase 2 MRNA expression in relation to p53 and adenomatous polyposis coli mutations in primary colorectal adenocarcinomas (Fransén et al). 2002;131:384-92

**Adenoviridae**
Adenovirus vector-mediated transfer of the vascular endothelial growth factor cDNA to healing abdominal fascia enhances vascularity and bursting strength in mice with normal and impaired wound healing (Ailawadi et al). 2002;131:219-27

**Adhesions**
Mitomycin-C prevents reformation of intra-abdominal adhesions after adhesiolysis (Çubukçu et al). 2002;131:81-4

**Alcohol drinking**
The relation of alcohol consumption and cigarette smoking to the multiple occurrence of esophageal dysplasia and squamous cell carcinoma (Miyazaki et al). 2002;131:S7-13

**Alpha-fetoproteins**
Prospective evaluation of circulating hepatocytes by α-fetoprotein messenger RNA in patients with hepatocellular carcinoma (Witzigmann et al). 2002;131:34-43

**Anastomosis, Roux-en-Y**
Letter to the Editors (Delarue and Guys). 2002;131:474-5 (Letter)

**Anastomosis, surgical**
Comparison of the long-term results between surgical and conservative treatment in patients with intermittent claudication (Mori et al). 2002;131:S269-74
End-to-end anastomosis of pancreas (Ramesh). 2002;131:691-3
Intestinal anastomoses detected with a photopolymerized hydrogel (Sweeney et al). 2002;131:185-9

**Anesthesia, conduction**
Minimally invasive parathyroid surgery in 103 patients with local/regional anesthesia, without exclusion criteria (Monchik et al). 2002;131:502-8

**Anesthesia, local**
Minimally invasive parathyroid surgery in 103 patients with local/regional anesthesia, without exclusion criteria (Monchik et al). 2002;131:502-8

**Aneurysm, false**
Cystic artery stump pseudoaneurysm following laparoscopic cholecystectomy (Saldinger et al). 2002;131:585-6
Letter to the Editors (Kessler et al). 2002;131:473 (Letter)

**Angioplasty**
Do current results of endovascular abdominal aortic aneurysm repair justify more widespread use? (Brewster). 2002;131:363-7

**Angioplasty, balloon**
Local blood serotonin and soluble P-selectin levels during percutaneous transluminal balloon angioplasty and primary stenting of the iliac artery (Onohara et al). 2002;131:S256-60

**Antibodies, monoclonal**
Prognostic value of thymidine phosphorylase/platelet-derived endothelial cell growth factor in advanced colorectal cancer after surgery: evaluation with a new monoclonal antibody (Tokunaga et al). 2002;131:534-40

**Antineoplastic agents**
Assessment of the intestinal permeability after a gastrectomy and the oral administration of anticancer drugs in rats: nitric oxide release in response to gut injury (Nagahama et al). 2002;131:S92-7
Ubiquitin proteasome inhibition and cancer therapy (Shah et al). 2002;131:594-9

**Anus**
Effectiveness of higher doses of botulinum toxin to induce healing in patients with chronic anal fissures (Brisinda et al). 2002;131:179-84

**Aortic aneurysm, abdominal**
Do current results of endovascular abdominal aortic aneurysm repair justify more widespread use? (Brewster). 2002;131:363-7

**Apoptosis**
Cholestasis induces murine hepatocyte apoptosis and DNA synthesis with preservation of the immediate-early gene response (Bird et al). 2002;131:556-63
Glutamine deficiency renders human monocytic cells more susceptible to specific apoptosis triggers (Exner et al). 2002;131:75-80
Granulation tissue regression induced by musculocutaneous advancement flap coverage (Carlson et al). 2002;131:332-7

**Appendectomy**
Letter to the Editors (Andersson). 2002;131:472 (Letter)
Reply (Frisch). 2002;131:472-3 (Letter reply)
Role of access trauma in appendectomy (Ng et al). 2002;131:119-20 (Letter)

**Appendix**
Letter to the Editors (Delarue and Guys). 2002;131:474-5 (Letter)

**Ascites**
Hematin is one of the cytotoxic factors in pancreatitis-associated ascitic fluid that causes hepatocellular injury (Ueda). 2002;131:66-74

**Ascorbic acid deficiency**
Hemorrhage associated with vitamin C deficiency in surgical patients (Blee et al). 2002;131:408-12

**Aspergillosis**
Multiple gastric perforations in an immunodepressed child (Franciosi et al). 2002;131:685-6

*January, pp. 1-120; January Supplement, pp. S1-S342; February, pp. 121-240; March, pp. 241-362; April, pp. 363-476; May, pp. 477-590; June, pp. 592-722.

**Autonomic pathways**
A prospective study of sexual and urinary function before and after total mesorectal excision with autonomic nerve preservation for rectal cancer (Pocard et al). 2002;131:368-72

B

**Bacterial translocation**
Bacterial translocation or lymphatic drainage of toxic products from the gut: what is important in human beings? (Deitch). 2002;131:241-4
**Bed-side systems; *see* Point-of-care systems**
**Bile**
Biliary sphincter motility after neural isolation of the pancreatoduodenal region in conscious dogs (Ohtsuka et al). 2002;131:139-48
Lack of intestinal bile results in delayed liver regeneration of normal rat liver after hepatectomy accompanied by impaired cyclin F-associated kinase activity (Ueda et al). 2002;131:564-73
**Bile duct diseases**
Eosinophilic cholangiopathy (Abdalla and Vauthey). 2002;131:237-8 (Letter)
**Bile ducts, intrahepatic**
Ethanol ablation for segmental bile duct leakage after hepatobiliary resection (Kyokane). 2002;131:111-3
**Biliary tract**
Double common bile duct: a case report and a review of the Japanese literature (Yamashita et al). 2002;131:676-81
**Biliary tract surgical procedures**
Letter to the Editors (Delarue and Guys). 2002;131:474-5 (Letter)
**Biopsy**
Comparison between periareolar and perittumoral injection of radiotracer for sentinel lymph node biopsy in patients with breast cancer (Shimazu et al). 2002;131:277-86
Patient-perceived cosmesis and satisfaction after breast biopsy: comparison of stereotactic incisional, excisional, and wire-localized biopsy techniques (Chun and Velanovich). 2002;131:497-501
Sentinel lymph node biopsy demonstrating concomitant melanoma and mantle cell lymphoma (St. Peter et al). 2002;131:216-8
Sentinel node biopsy and lymphoscintigraphy with a technetium 99m labeled blue dye in a rabbit model (Sutton et al). 2002;131:44-9
**Blood loss, surgical**
Hemorrhage associated with vitamin C deficiency in surgical patients (Blee et al). 2002;131:408-12
Intermittent total vascular exclusion in removing caudate lobe tumor with tumor thrombus in the vena cava (Seyama et al). 2002;131:574-6
Perioperative management and complications in donors related to living-donor liver transplantation (Soejima et al). 2002;131:S195-9
**Blood transfusions**
The cost of transfusion and alternatives (Spence). 2002;131:236-7 (Letter)
**Bombesin**
The neuropeptide bombesin improves IgA-mediated mucosal immunity with preservation of gut interleukin-4 in total parenteral nutrition-fed mice (Zarzaur et al). 2002;131:59-65
**Bone marrow neoplasms**
Micrometastasis in the bone marrow of patients with lung cancer associated with a reduced expression of E-cadherin and β-catenin: risk assessment by immunohistochemistry (Sugio et al). 2002;131:S226-31
**Botulinum toxins**
Effectiveness of higher doses of botulinum toxin to induce healing in patients with chronic anal fissures (Brisinda et al). 2002;131:179-84
**Brain death**
Effects of cortisol administration on hepatic circulation during brain death in rabbits (Ogawa et al). 2002;131:450-62
**Breast neoplasms**
Clinical significance of PEA3 in human breast cancer (Kinoshita et al). 2002;131:S222-5
Comparison between periareolar and perittumoral injection of radiotracer for sentinel lymph node biopsy in patients with breast cancer (Shimazu et al). 2002;131:277-86
Conservative surgery and chemotherapy for breast carcinoma during pregnancy (Kuerer et al). 2002;131:108-10
Detection of micrometastasis in the sentinel lymph nodes in breast cancer (Ishida et al). 2002;131:S211-6
Early results of an endoscope-assisted subcutaneous mastectomy and reconstruction for breast cancer (Kitamura et al). 2002;131:S324-9
Metastatic breast cancer with HER2/neu-positive cells tends to have a morbid prognosis (Emi et al). 2002;131:S217-21
Patient-perceived cosmesis and satisfaction after breast biopsy: comparison of stereotactic incisional, excisional, and wire-localized biopsy techniques (Chun and Velanovich). 2002;131:497-501
**Broad ligament**
Strangulated herniation through a defect in the broad ligament (Fukuoka et al). 2002;131:232-3

C

**C-reactive protein**
Soluble thrombomodulin plasma levels are an early indication of a lethal course in human acute pancreatitis (Mantke et al). 2002;131:424-32
**Cadherins**
Micrometastasis in the bone marrow of patients with lung cancer associated with a reduced expression of E-cadherin and β-catenin: risk assessment by immunohistochemistry (Sugio et al). 2002;131:S226-31
**Cameron, John**
Revisiting our surgical heritage (Warshaw). 2002;131:470-1
**Carcinoma**
The important role of operations in the management of anaplastic thyroid carcinoma (Sugino et al). 2002;131:245-8
Micrometastasis in solid epithelial tumors: impact on surgical oncology (Izbicki et al). 2002;131:1-5
**Carcinoma, hepatocellular**
A 16-year experience in performing hepatic resection in 303 patients with hepatocellular carcinoma: 1985-2000 (Kanematsu et al). 2002;131:S153-8
Clinicopathologic risk factors for recurrence after a curative hepatic resection for hepatocellular carcinoma (Adachi et al). 2002;131:S148-52
Downstaging of hepatocellular carcinoma and liver metastases from colorectal cancer by selective intra-arterial chemotherapy (Clavien et al). 2002;131:433-42
Extent of liver resection influences the outcome in patients with cirrhosis and small hepatocellular carcinoma (Regimbeau et al). 2002;131:311-7
Liver transplantation for hepatocellular carcinoma (Suehiro et al). 2002;131:S190-4
The mechanisms of angiogenesis in hepatocellular carcinoma: angiogenic switch during tumor progression (Sugimachi et al). 2002;131:S135-41
Oncogenic signal transduction and therapeutic strategy for hepatocellular carcinoma (Tanaka et al). 2002;131:S142-7
Prospective evaluation of circulating hepatocytes by α-fetoprotein messenger RNA in patients with hepatocellular carcinoma (Witzigmann et al). 2002;131:34-43
Roles of the glucocorticoid receptor in resectable hepatocellular carcinoma (Ho et al). 2002;131:19-25
Surgical resection combined with chemotherapy for advanced hepatocellular carcinoma with tumor thrombus: report of 19 cases (Fukuda et al). 2002;131:300-10
**Carcinoma, non-small-cell**
Immunologic strategies for the treatment of non-small cell lung cancer (Yano et al). 2002;131:S232-5

A time trend of profile and surgical results in 1123 patients with non-small cell lung cancer (Yoshino et al). 2002;131:S242-8

**Carcinoma, squamous cell**
Biologic and clinical significance of squamous epithelial dysplasia of the esophagus (Saeki et al). 2002;131:S22-7
Risk factors for esophageal cancer and the multiple occurrence of carcinoma in the upper aerodigestive tract (Morita et al). 2002;131:S1-6

**Cardiovascular diseases**
Gene therapy in vascular surgery comes of age (Yonemitsu et al). 2002;131:S261-8

**Caspases**
Glutamine deficiency renders human monocytic cells more susceptible to specific apoptosis triggers (Exner et al). 2002;131:75-80

**Cathartics**
Significant hypomagnesemia after celiotomy: implications of preoperative bowel cleansing with sodium phosphate purgative (Schwarz and Zagala-Nevarez). 2002;131:236 (Letter)

**Catheter ablation**
Ethanol ablation for segmental bile duct leakage after hepatobiliary resection (Kyokane). 2002;131:111-3

**Catheterization, central venous**
Changing profile of parenteral nutrition in pediatric surgery: a 30-year experience at one institute (Suita et al). 2002;131:S275-82

**Catheters, indwelling**
Salvage of Swedish Adjustable Gastric Band after explantation of an infected access port (Baldinger et al). 2002;131:350-1

**Cell membrane permeability**
Assessment of the intestinal permeability after a gastrectomy and the oral administration of anticancer drugs in rats: nitric oxide release in response to gut injury (Nagahama et al). 2002;131:S92-7

**Cerebrovascular accident**
Early versus delayed carotid endarterectomy after a nondisabling ischemic stroke: a prospective randomized study (Ballotta et al). 2002;131:287-93

**Chemotherapy, adjuvant**
Clinical application of hyperthermia combined with anticancer drugs for the treatment of solid tumors (Takahashi et al). 2002;131:S78-84
Conservative surgery and chemotherapy for breast carcinoma during pregnancy (Kuerer et al). 2002;131:108-10
Downstaging of hepatocellular carcinoma and liver metastases from colorectal cancer by selective intra-arterial chemotherapy (Clavien et al). 2002;131:433-42
Preoperative hyperthermochemoradiotherapy for esophageal carcinoma (Nozoe et al). 2002;131:35-8
Surgical and oncological advances in the treatment of esophageal cancer (Ohga et al). 2002;131:S28-34
Surgical resection combined with chemotherapy for advanced hepatocellular carcinoma with tumor thrombus: report of 19 cases (Fukuda et al). 2002;131:300-10

**Cholangiocarcinoma**
Intrahepatic cholangiocarcinoma: its mode of spreading and therapeutic modalities (Shirabe et al). 2002;131:S159-64
Papillary cholangiocarcinoma: a cause of intermittent, obstructive jaundice (Fischer et al). 2002;131:234-5

**Cholecystectomy, laparoscopic**
Cystic artery stump pseudoaneurysm following laparoscopic cholecystectomy (Saldinger et al). 2002;131:585-6
Letter to the Editors (Burney and Jones). 2002;131:694-5 (Letter reply)
Letter to the Editors (Himal). 2002;131:694 (Letter)
Letter to the Editors (Yano et al). 2002;131:362 (Letter)

**Cholecystitis**
Acalculous eosinophilic cholecystitis from herbal medicine: a review of adverse effects of herbal medicine in surgical patients (Adusumilli et al). 2002;131:352-6

**Choledochal cyst**
Double common bile duct: a case report and a review of the Japanese literature (Yamashita et al). 2002;131:676-81
Extrahepatic biliary cystadenoma localized to the common bile duct (Umphrey et al). 2002;131:587-8

**Cholelithiasis**
Letter to the Editors (Yano et al). 2002;131:362 (Letter)

**Cholestasis**
Cholestasis induces murine hepatocyte apoptosis and DNA synthesis with preservation of the immediate-early gene response (Bird et al). 2002;131:556-63
Delayed liver regeneration with negative regulation of hepatocyte growth factor and positive regulation of transforming growth factor-beta1 mRNA after portal branch ligation in biliary obstructed rats (Yamano et al). 2002;131:163-71
Letter to the Editors (Lang et al). 2002;131:239 (Letter)
Papillary cholangiocarcinoma: a cause of intermittent, obstructive jaundice (Fischer et al). 2002;131:234-5

**Chromosome fragility**
Comparison of microsatellite instability and chromosomal instability in predicting survival of patients with T3N0 colorectal cancer (Gervaz et al). 2002;131:190-7

**Cimetidine**
Effects of the prenatal administration of cimetidine on testicular descent and genital differentiation in rats (Shono et al). 2002;131:S301-5

**Cisplatin**
The administration of hypotonic intraperitoneal cisplatin during operation as a treatment for the peritoneal dissemination of gastric cancer (Tsujitani et al). 2002;131:S98-104
Protracted hepatic arterial infusion with low-dose cisplatin plus 5-fluorouracil for unresectable liver metastases from colorectal cancer (Kohnoe et al). 2002;131:S128-34
Surgical and oncological advances in the treatment of esophageal cancer (Ohga et al). 2002;131:S28-34

**Clinical competence**
The ACGME "Outcomes Project" (Pellegrini). 2002;131:214-5
Comment from American Board of Surgery (Ritchie et al). 2002;131:212-3 (Commentary)
Measure of competence (Trunkey). 2002;131:210-1 (Commentary)
Skills assessment of surgeons (Darzi and Mackay). 2002;131:121-4

**Clinical trials**
Joint policy statement of the surgical journal editors on scientific data from clinical trials: investigators' responsibilities and rights (Surgical Editors Group). 2002;131:591-3

**Clostridium perfringens**
A particular case of acute necrotizing pancreatitis (Noorda et al). 2002;131:589-90 (Letter)

**Colectomy**
The influence of hospital and surgeon volume on in-hospital mortality for colectomy, gastrectomy, and lung lobectomy in patients with cancer (Hannan et al). 2002;131:6-15

**Colitis, ulcerative**
Letter to the Editors (Andersson). 2002;131:472 (Letter)
Reply (Frisch). 2002;131:472-3 (Letter reply)

**Collagen**
Premenopausal women deposit more collagen than men during healing of an experimental wound (Jorgensen et al). 2002;131:338-43

**Colonic polyps**
Giant colonic lipoma as lead point for intermittent colo-colonic intussusception (Rogers et al). 2002;131:687-8

**Colorectal neoplasms**
Clinical significance of preoperative serum vascular endothelial growth factor levels in patients with colorectal cancer and the effect of tumor surgery (Karayiannakis et al). 2002;131:548-55
Comparison of microsatellite instability and chromosomal instability in predicting survival of patients with T3N0 colorectal cancer (Gervaz et al). 2002;131:190-7
The cost of transfusion and alternatives (Spence). 2002;131:236-7 (Letter)
Estimation of angiogenesis with anti-CD105 immunostaining in the process of colorectal cancer development (Akagi et al). 2002;131:S109-13

Nitric oxide synthase 2 MRNA expression in relation to p53 and adenomatous polyposis coli mutations in primary colorectal adenocarcinomas (Fransén et al). 2002;131:384-92
Prognostic value of thymidine phosphorylase/platelet-derived endothelial cell growth factor in advanced colorectal cancer after surgery: evaluation with a new monoclonal antibody (Tokunaga et al). 2002;131:534-40
Protracted hepatic arterial infusion with low-dose cisplatin plus 5-fluorouracil for unresectable liver metastases from colorectal cancer (Kohnoe et al). 2002;131:S128-34
The relationship between cyclin B1 overexpression and lymph node metastasis in human colorectal cancer (Korenaga et al). 2002;131:S114-20
The role of adenoma for colorectal cancer development: differences in the distribution of adenoma with low-grade dysplasia, high-grade dysplasia, and cancer that invades the submucosa (Ikeda et al). 2002;131:S105-8

**Colorectal neoplasms, hereditary nonpolyposis**
Microsatellite instability in cancer: what problems remain unanswered (Oda et al). 2002;131:S55-62

**Common bile duct**
Double common bile duct: a case report and a review of the Japanese literature (Yamashita et al). 2002;131:676-81
Extrahepatic biliary cystadenoma localized to the common bile duct (Umphrey et al). 2002;131:587-8

**Correction**
Comparison between minimally invasive video-assisted thyroidectomy and conventional thyroidectomy: a prospective randomized study. (Miccoli et al.) (2001;130:1039-43). 2002; 131:148
Impaired balance of type I and type III procollagen mRNA in cultured fibroblasts of patients with incisional hernia (Si et al). (2002;131:324-31). 2002;131:501
It takes a faculty (DaRosa) (2002;131:205-9). 2002;131:533

It takes a faculty (DaRosa). 2002;131:205-9

**Embolization, therapeutic**
Acute hypersplenism with splenomegaly after portal vein embolization (Nagino et al). 2002;131:695 (Letter)
Application of preoperative portal vein embolization before major hepatic resection in patients with normal or abnormal liver parenchyma (Wakabayashi et al). 2002;131:26-33
Preoperative selective portal vein embolization before hepatectomy for liver metastases: long-term results and impact on survival (Elias et al). 2002;131:294-9

**Employment**
Letter to the Editors (Burney and Jones). 2002;131:694-5 (Letter reply)
Letter to the Editors (Himal). 2002;131:694 (Letter)

**Endarterectomy, carotid**
Early versus delayed carotid endarterectomy after a nondis-

abling ischemic stroke: a prospective randomized study (Ballotta et al). 2002;131:287-93

**Endoscopy**
Early results of an endoscope-assisted subcutaneous mastectomy and reconstruction for breast cancer (Kitamura et al). 2002;131:S324-9
Endoscopic stapler-assisted diverticuloesophagostomy for Zenker's diverticulum: patient satisfaction and subjective relief of symptoms (Stoeckli and Schmid). 2002;131:158-62

**Endothelial growth factors**
Adenovirus vector-mediated transfer of the vascular endothelial growth factor cDNA to healing abdominal fascia enhances vascularity and bursting strength in mice with normal and impaired wound healing (Ailawadi et al). 2002;131:219-27
Angiogenesis as a target for gastric cancer (Kakeji et al). 2002;131:S48-54
Clinical significance of preoperative serum vascular endothelial growth factor levels in patients with colorectal cancer and the effect of tumor surgery (Karayiannakis et al). 2002;131:548-55
The mechanisms of angiogenesis in hepatocellular carcinoma: angiogenic switch during tumor progression (Sugimachi et al). 2002;131:S135-41
Prognostic value of thymidine phosphorylase/platelet-derived endothelial cell growth factor in advanced colorectal cancer after surgery: evaluation with a new monoclonal antibody (Tokunaga et al). 2002;131:534-40

**Endothelium**
Differences in endothelial function and morphologic modulation between canine autogenous venous and arterial grafts: endothelium and intimal thickening (Komori et al). 2002;131:S249-55

**Enema**
Significant hypomagnesemia after celiotomy: implications of preoperative bowel cleansing with sodium phosphate purgative (Schwarz and Zagala-Nevarez). 2002;131:236 (Letter)

**Enteral nutrition**
Enteral fluconazole is well absorbed in critically ill surgical patients (Pelz et al). 2002;131:534-40

**Enzyme precursors**
Role of activation peptides from pancreatic proenzymes in the diagnosis and prognosis of acute pancreatitis (Borgström et al). 2002;131:125-8

**Eosinophilia**
Acalculous eosinophilic cholecystitis from herbal medicine: a review of adverse effects of herbal medicine in surgical patients (Adusumilli et al). 2002;131:352-6
Eosinophilic cholangiopathy (Abdalla and Vauthey). 2002;131:237-8 (Letter)

**Epithelium**
Micrometastasis in solid epithelial tumors: impact on surgical oncology (Izbicki et al). 2002;131:1-5
The subepithelial extension of esophageal carcinoma for determining the resection margin during esophagectomy: a serial histopathologic investigation (Kuwano et al). 2002;131:S14-21

**Esophageal and gastric varices**
Endoscopic injection sclerotherapy in the management of 2105 patients with esophageal varices (Tomikawa et al). 2002;131:S171-5
Long-term results of endoscopic Histoacryl injection sclerotherapy for gastric variceal bleeding: a 10-year experience (Akahoshi et al). 2002;131:S176-81

**Esophageal neoplasms**
Biologic and clinical significance of squamous epithelial dysplasia of the esophagus (Saeki et al). 2002;131:S22-7
Preoperative hyperthermochemoradiotherapy for esophageal carcinoma (Nozoe et al). 2002;131:35-8
The relation of alcohol consumption and cigarette smoking to the multiple occurrence of esophageal dysplasia and squamous cell carcinoma (Miyazaki et al). 2002;131:S7-13
Risk factors for esophageal cancer and the multiple occurrence of carcinoma in the upper aerodigestive tract (Morita et al). 2002;131:S1-6
The subepithelial extension of esophageal carcinoma for determining the resection margin during esophagectomy: a serial histopathologic investigation (Kuwano et al). 2002;131:S14-21
Surgical and oncological advances in the treatment of esophageal cancer (Ohga et al). 2002;131:S28-34

**Esophagectomy**
The subepithelial extension of esophageal carcinoma for determining the resection margin during esophagectomy: a serial histopathologic investigation (Kuwano et al). 2002;131:S14-21
Surgical and oncological advances in the treatment of esophageal cancer (Ohga et al). 2002;131:S28-34

**Esophagostomy**
Endoscopic stapler-assisted diverticuloesophagostomy for Zenker's diverticulum: patient satisfaction and subjective relief of symptoms (Stoeckli and Schmid). 2002;131:158-62

**Ethanol**
Ethanol ablation for segmental bile duct leakage after hepatobiliary resection (Kyokane). 2002;131:111-3

**Ethics, medical**
Arsenic and old lace: end-of-life care in the postoperative period (Jones and McCullough). 2002;131:583-4
Surgeons' ethics? You bet! (Kodner). 2002;131:581-2 (Editorial)

**Evans Blue**
Sentinel node biopsy and lymphoscintigraphy with a technetium 99m labeled blue dye in a rabbit model (Sutton et al). 2002;131:44-9

**F**

**Faculty, Medical**
The ACGME "Outcomes Project" (Pellegrini). 2002;131:214-5
It takes a faculty (DaRosa). 2002;131:205-9

**Fascia**
Adenovirus vector-mediated transfer of the vascular endothelial growth factor cDNA to healing abdominal fascia enhances vascularity and bursting strength in mice with normal and impaired wound healing (Ailawadi et al). 2002;131:219-27

**Feminization**
Surgical treatment of intersex abnormalities: a review (Hrabovszky and Hutson). 2002;131:92-104

**Fibroblasts**
Impaired balance of type I and type III procollagen mRNA in cultured fibroblasts of patients with incisional hernia (Si et al). 2002;131:324-31
Mitomycin-C prevents reformation of intra-abdominal adhesions after adhesiolysis (Cubukçu et al). 2002;131:81-4
Myofibroblasts are responsible for the desmoplastic reaction surrounding human pancreatic carcinomas (Yen et al). 2002;131:129-34
Platelet-derived growth factor-AA-mediated functional angiogenesis in the rat epigastric island flap after genetic modification of fibroblasts is ischemia dependent (Machens et al). 2002;131:393-400

**Fibrocystic disease of breast**
Patient-perceived cosmesis and satisfaction after breast biopsy: comparison of stereotactic incisional, excisional, and wire-localized biopsy techniques (Chun and Velanovich). 2002;131:497-501

**Fibroma, desmoplastic**
Myofibroblasts are responsible for the desmoplastic reaction surrounding human pancreatic carcinomas (Yen et al). 2002;131:129-34

**Fibromatosis**
Progressive macrosyndactyly due to nerve territory-oriented lipofibromatosis: a case report (Nagarajan et al). 2002;131:468-9

**Fibromuscular dysplasia**
Biologic and clinical significance of squamous epithelial dysplasia of the esophagus (Saeki et al). 2002;131:S22-7
The relation of alcohol consumption and cigarette smoking to the multiple occurrence of esophageal dysplasia and squamous cell carcinoma (Miyazaki et al). 2002;131:S7-13

**Fissure in ano**
Effectiveness of higher doses of botulinum toxin to induce healing in patients with chronic anal fissures (Brisinda et al). 2002;131:179-84

**Fluconazole**
Enteral fluconazole is well absorbed in critically ill surgical patients (Pelz et al). 2002;131:534-40

**Fluorouracil**
Protracted hepatic arterial infusion with low-dose cisplatin plus 5-fluorouracil for unresectable liver metastases from colorectal cancer (Kohnoe et al). 2002;131:S128-34

G

**Gallbladder neoplasms**
Letter to the Editors (Yano et al). 2002;131:362 (Letter)
Ethanol ablation for segmental bile duct leakage after hepatobiliary resection (Kyokane). 2002;131:111-3

**Gastrectomy**
Functional characteristics of the pylorus in patients undergoing pylorus-preserving gastrectomy for early gastric cancer (Nishikawa et al). 2002;131:613-24
The influence of hospital and surgeon volume on in-hospital mortality for colectomy, gastrectomy, and lung lobectomy in patients with cancer (Hannan et al). 2002;131:6-15
Morbidity and mortality of gastrectomy for cancer in Department of Veterans Affairs Medical Centers (Grossmann et al). 2002;131:484-90
A prospective randomized study comparing D2 total gastrectomy versus D2 total gastrectomy plus splenectomy in 187 patients with gastric carcinoma (Csendes et al). 2002;131:401-7
A randomized controlled trial comparing open vs laparoscopy-assisted distal gastrectomy for the treatment of early gastric cancer: an interim report (Kitano et al). 2002;131:S306-11

**Gastric bypass**
Lap-band failures: conversion to gastric bypass and their preliminary outcomes (Kothari et al). 2002;131:625-9

**Gastric mucosa**
The biologic features of intramucosal gastric carcinoma with lymph node metastasis (Kabashima et al). 2002;131:S71-7
Pathogenesis of portal hypertensive gastropathy: a clinical and experimental review (Ohta et al). 2002;131:S165-70

**Gender bias; *see* Prejudice**

**Gender identity**
Lipstick and pearls (Perrier). 2002;131:663-4

**Gene amplification**
Analysis of the gene-expression profile regarding the progression of human gastric carcinoma (Mori et al). 2002;131:S39-47
Evaluation of genetic heterogeneity in neuroblastoma (Tajiri et al). 2002;131:S283-7

**Gene expression profiling**
Analysis of the gene-expression profile regarding the progression of human gastric carcinoma (Mori et al). 2002;131:S39-47
DNA ploidy and its clinical implications in gastric cancer (Baba et al). 2002;131:S63-70

**Gene therapy**
Gene therapy in vascular surgery comes of age (Yonemitsu et al). 2002;131:S261-8
Liver transplantation for hepatocellular carcinoma (Suehiro et al). 2002;131:S190-4

**Gene transfer**
Intraluminal gene transfer of endothelial cell-nitric oxide synthase suppresses intimal hyperplasia of vein grafts in cholesterol-fed rabbit: a limited biological effect as a result of the loss of medial smooth muscle cells (Ohta et al). 2002;131:644-53

**Genes, immediate-early**
Cholestasis induces murine hepatocyte apoptosis and DNA synthesis with preservation of the immediate-early gene response (Bird et al). 2002;131:556-63

**Genes, myc**
Evaluation of genetic heterogeneity in neuroblastoma (Tajiri et al). 2002;131:S283-7

**Genetic screening**
Are specific inherited mutations important in clinical management of hereditary cancer syndromes? (Moley). 2002; 131:382-3 (Commentary)

**Genetic vectors**
Adenovirus vector-mediated transfer of the vascular endothelial growth factor cDNA to healing abdominal fascia enhances vascularity and bursting strength in mice with normal and impaired wound healing (Ailawadi et al). 2002;131:219-27

**Genitalia, male**
Effects of the prenatal administration of cimetidine on testicular descent and genital differentiation in rats (Shono et al). 2002;131:S301-5

**Gigantism**
Progressive macrosyndactyly due to nerve territory-oriented lipofibromatosis: a case report (Nagarajan et al). 2002;131: 468-9

**Glutamine**
Glutamine deficiency renders human monocytic cells more susceptible to specific apoptosis triggers (Exner et al). 2002;131: 75-80

**Gonadal dysgenesis**
Surgical treatment of intersex abnormalities: a review (Hrabovszky and Hutson). 2002;131:92-104

**Graft occlusion, vascular**
Differences in endothelial function and morphologic modulation between canine autogenous venous and arterial grafts: endothelium and intimal thickening (Komori et al). 2002;131:S249-55
Intraluminal gene transfer of endothelial cell-nitric oxide synthase suppresses intimal hyperplasia of vein grafts in cholesterol-fed rabbit: a limited biological effect as a result of the loss of medial smooth muscle cells (Ohta et al). 2002;131:644-53

**Granulation tissue**
Granulation tissue regression induced by musculocutaneous advancement flap coverage (Carlson et al). 2002;131:332-7

H

**Hand deformities**
Progressive macrosyndactyly due to nerve territory-oriented lipofibromatosis: a case report (Nagarajan et al). 2002;131: 468-9

**Helicobacter pylori**
*Helicobacter pylori* and complicated ulcer disease (Behrman et al). 2002;131:589 (Letter)
*Helicobacter pylori* and complicated ulcer disease (Kokoska and Kauffman). 2002;131:589 (Letter reply)

**Hematologic diseases**
Laparoscopic splenectomy for hematologic diseases (Tanoue et al). 2002;131:S318-23

**Hemin**
Hematin is one of the cytotoxic factors in pancreatitis-associated ascitic fluid that causes hepatocellular injury (Ueda). 2002;131:66-74

**Hepatectomy**
Application of preoperative portal vein embolization before major hepatic resection in patients with normal or abnormal liver parenchyma (Wakabayashi et al). 2002;131:26-33
Extent of liver resection influences the outcome in patients with cirrhosis and small hepatocellular carcinoma (Regimbeau et al). 2002;131:311-7
Lack of intestinal bile results in delayed liver regeneration of normal rat liver after hepatectomy accompanied by impaired cyclin F-associated kinase activity (Ueda et al). 2002;131:564-73
Letter to the Editors (Sasaki et al). 2002;131:696-7 (Letter)
Minimally invasive hepatectomy: modulation of systemic reactions to operation or laparoscopic approach (Shimada et al). 2002;131:S312-7
Preoperative selective portal vein embolization before hepatectomy for liver metastases: long-term results and impact on survival (Elias et al). 2002;131:294-9

**Hepatic artery**
Hepatic artery reconstruction in living-donor liver transplantation: a review of its techniques and complications (Uchiyama et al). 2002;131:S200-4
Protracted hepatic arterial infusion with low-dose cisplatin plus 5-fluorouracil for unresectable liver metastases from colorectal cancer (Kohnoe et al). 2002;131:S128-34
Surgical resection combined with chemotherapy for advanced hepatocellular carcinoma with tumor thrombus: report of 19 cases (Fukuda et al). 2002;131:300-10

**Hepatocyte growth factor**
Delayed liver regeneration with negative regulation of hepatocyte growth factor and positive regulation of transforming growth factor-beta1 mRNA after portal branch ligation in biliary obstructed rats (Yamano et al). 2002;131:163-71

**Hepatocytes**
Prospective evaluation of circulating hepatocytes by α-fetoprotein messenger RNA in patients with hepatocellular carcinoma (Witzigmann et al). 2002;131:34-43

**HER2; *see* Receptor, erB-2**

**Hermaphroditism**
Surgical treatment of intersex abnormalities: a review (Hrabovszky and Hutson). 2002;131:92-104

**Hernia**
Impaired balance of type I and type III procollagen mRNA in cultured fibroblasts of patients with incisional hernia (Si et al). 2002;131:324-31
Strangulated herniation through a defect in the broad ligament (Fukuoka et al). 2002;131:232-3

**Hernia, inguinal**
Letter to the Editors (Himal). 2002;131:694 (Letter)
Statistics and herniorrhaphy (Barone). 2002;131:119 (Letter)
Statistics and herniorrhaphy (Kingsnorth). 2002;131:119 (Letter reply)

**Hirschsprung disease**
Electrophysiological properties of the aganglionic segment in Hirschsprung's disease (Kubota et al). 2002;131:S288-93
RET mutation profile and variable clinical manifestations in a family with multiple endocrine neoplasia type 2A and Hirschsprung's disease (Pasini et al). 2002;131:373-81

**Histiocytoma, fibrous**
Letter to the Editors (Lang et al). 2002;131:239 (Letter)

**History of medicine**
Coffee creamer, the bionic man, and organ preservation (Southard). 2002;131:228-9
Revisiting our surgical heritage (Warshaw). 2002;131:470-1
A teacher of surgical thought (Sterioff and Nelson). 2002;131:117-8
Who is Hawkeye? (Flint). 2002;131:357-8

**Hospital mortality**
The influence of hospital and surgeon volume on in-hospital mortality for colectomy, gastrectomy, and lung lobectomy in patients with cancer (Hannan et al). 2002;131:6-15
Quality of care and the volume-outcome relationship—what's next for surgery? (Daley). 2002;131:16-8 (Commentary)

**Hydrocortisone**
Effects of cortisol administration on hepatic circulation during brain death in rabbits (Ogawa et al). 2002;131:450-62

**Hydrogel**
Intestinal anastomoses detected with a photopolymerized hydrogel (Sweeney et al). 2002;131:185-9

**Hypercalcemia**
Parathyroidectomy in familial hypercalcemia with clinical characteristics of primary hyperparathyroidism and familial hypocalciuric hypercalcemia (Szabo et al). 2002;131:257-63

**Hyperlipidemia**
Intraluminal gene transfer of endothelial cell-nitric oxide synthase suppresses intimal hyperplasia of vein grafts in cholesterol-fed rabbit: a limited biological effect as a result of the loss of medial smooth muscle cells (Ohta et al). 2002;131:644-53

**Hyperparathyroidism**
Minimally invasive parathyroid surgery in 103 patients with local/regional anesthesia, without exclusion criteria (Monchik et al). 2002;131:502-8
Parathyroidectomy in familial hypercalcemia with clinical characteristics of primary hyperparathyroidism and familial hypocalciuric hypercalcemia (Szabo et al). 2002;131:257-63
Prospective evaluation of delayed technetium-99m sestamibi SPECT scintigraphy for preoperative localization of primary hyperparathyroidism (Civelek et al). 2002;131:149-57
Screening for primary hyperparathyroidism before thyroid surgery: a prospective study (Denizot et al). 2002;131:264-9
Supernumerary intravagal parathyroid hyperplasia (Hung et al). 2002;131:359-61
The value of sestamibi scans (Arici and Clark). 2002;131:238-9 (Letter reply)
The value of sestamibi scans (Hodin). 2002;131:238 (Letter)

**Hypersplenism**
Acute hypersplenism with splenomegaly after portal vein embolization (Nagino et al). 2002;131:695 (Letter)

**Hypertension, portal**
Pathogenesis of portal hypertensive gastropathy: a clinical and experimental review (Ohta et al). 2002;131:S165-70

**Hyperthermia, induced**
Clinical application of hyperthermia combined with anticancer drugs for the treatment of solid tumors (Takahashi et al). 2002;131:S78-84
Hyperthermia for rectal cancer (Ohno et al). 2002;131:S121-7
Preoperative hyperthermochemoradiotherapy for esophageal carcinoma (Nozoe et al). 2002;131:35-8
Surgical and oncological advances in the treatment of esophageal cancer (Ohga et al). 2002;131:S28-34

**Hypocalcemia**
Low parathyroid hormone levels after thyroid surgery: a feasible predictor of hypocalcemia (Lindblom et al). 2002;131:515-20

## I

**Ileum**
Segmental small-intestinal transplantation: a comparison of jejunal and ileal grafts (Taguchi and Suita). 2002;131:S294-300

**Images in surgery**
Cystic artery stump pseudoaneurysm following laparoscopic cholecystectomy (Saldinger et al). 2002;131:585-6
Extrahepatic biliary cystadenoma localized to the common bile duct (Umphrey et al). 2002;131:587-8
Giant colonic lipoma as lead point for intermittent colo-colonic intussusception (Rogers et al). 2002;131:687-8
Lymphangiomatosis of the spleen and 2 accessory spleens (Barrier et al). 2002;131:114-6
Multiple gastric perforations in an immunodepressed child (Franciosi et al). 2002;131:685-6
Papillary cholangiocarcinoma: a cause of intermittent, obstructive jaundice (Fischer et al). 2002;131:234-5
Patent omphalomesenteric duct (Konvolinka). 2002;131:689-90
Progressive macrosyndactyly due to nerve territory-oriented lipofibromatosis: a case report (Nagarajan et al). 2002;131:468-9
Pseudomyxoma peritonei (Baradi and Ponsky). 2002;131:230-1
Small bowel obstruction due to intestinal migration of an inferior vena cava polytetrafluoroethylene graft (Guru and Rotstein). 2002;131:465-7
Strangulated herniation through a defect in the broad ligament (Fukuoka et al). 2002;131:232-3
Supernumerary intravagal parathyroid hyperplasia (Hung et al). 2002;131:359-61

**Immune system**
Toll-like receptors and surgical disease (Raeburn et al). 2002;131:477-83

**Immunotherapy**
Immunologic strategies for the treatment of non-small cell lung cancer (Yano et al). 2002;131:S232-5
**Infusions, parenteral**
The administration of hypotonic intraperitoneal cisplatin during operation as a treatment for the peritoneal dissemination of gastric cancer (Tsujitani et al). 2002;131:S98-104
Lack of efficacy of prophylactic continuous hyperthermic peritoneal perfusion on subsequent peritoneal recurrence and survival in patients with advanced gastric cancer (Kunisaki et al). 2002;131:521-8
**Insulin-like growth factors; *see* Somatomedins**
**Insurance, disability**
Letter to the Editors (Burney and Jones). 2002;131:694-5 (Letter reply)
Letter to the Editors (Himal). 2002;131:694 (Letter)
**Insurance, health**
The medical care system in Japan (Ono and Sugimachi). 2002;131:S341-2
**Interferon type II**
Clinical significance of serum TH1/TH2 cytokines in patients with pulmonary adenocarcinoma (Yamazaki et al). 2002;131:S236-41
**Interleukin-12**
Liver transplantation for hepatocellular carcinoma (Suehiro et al). 2002;131:S190-4
**Intermittent claudication**
Comparison of the long-term results between surgical and conservative treatment in patients with intermittent claudication (Mori et al). 2002;131:S269-74
**Internship and residency**
The ACGME "Outcomes Project" (Pellegrini). 2002;131:214-5
Comment from American Board of Surgery (Ritchie et al). 2002;131:212-3 (Commentary)
It takes a faculty (DaRosa). 2002;131:205-9
Measure of competence (Trunkey). 2002;131:210-1 (Commentary)
Perspectives of a woman resident (Walsh et al). 2002;131:666-9
Success, women, and academic surgery (Flannery). 2002;131:670-1
**Intestinal mucosa**
Assessment of the intestinal permeability after a gastrectomy and the oral administration of anticancer drugs in rats: nitric oxide release in response to gut injury (Nagahama et al). 2002;131:S92-7
Bacterial translocation or lymphatic drainage of toxic products from the gut: what is important in human beings? (Deitch). 2002;131:241-4
*Helicobacter pylori* and complicated ulcer disease (Behrman et al). 2002;131:589 (Letter)
*Helicobacter pylori* and complicated ulcer disease (Kokoska and Kauffman). 2002;131:589 (Letter reply)
The neuropeptide bombesin improves IgA-mediated mucosal immunity with preservation of gut interleukin-4 in total parenteral nutrition-fed mice (Zarzaur et al). 2002;131:59-65
Protective effects of ex vivo graft radiation and tacrolimus on syngeneic transplanted rat small bowel motility (Schwarz et al). 2002;131:413-23
**Intestinal neoplasms**
Clinical application of hyperthermia combined with anticancer drugs for the treatment of solid tumors (Takahashi et al). 2002;131:S78-84
**Intestinal obstruction**
Electrophysiological properties of the aganglionic segment in Hirschsprung's disease (Kubota et al). 2002;131:S288-93
Small bowel obstruction due to intestinal migration of an inferior vena cava polytetrafluoroethylene graft (Guru and Rotstein). 2002;131:465-7
**Intestine, small**
Intestinal anastomoses detected with a photopolymerized hydrogel (Sweeney et al). 2002;131:185-9
Protective effects of ex vivo graft radiation and tacrolimus on syngeneic transplanted rat small bowel motility (Schwarz et al). 2002;131:413-23
Segmental small-intestinal transplantation: a comparison of jejunal and ileal grafts (Taguchi and Suita). 2002;131:S294-300
Small bowel obstruction due to intestinal migration of an inferior vena cava polytetrafluoroethylene graft (Guru and Rotstein). 2002;131:465-7
**Intussusception**
Giant colonic lipoma as lead point for intermittent colo-colonic intussusception (Rogers et al). 2002;131:687-8
**Ischemic preconditioning, myocardial**
Mitochondrial function during ischemic preconditioning (Crestanello et al). 2002;131:172-8

## J

**Japan**
The medical care system in Japan (Ono and Sugimachi). 2002;131:S341-2
**Jejunum**
Segmental small-intestinal transplantation: a comparison of jejunal and ileal grafts (Taguchi and Suita). 2002;131:S294-300

## K

**Kidney**
Attenuation of renal ischemia-reperfusion injury by FR167653 in dogs (Kitada et al). 2002;131:654-62
**Knowledge**
Skills assessment of surgeons (Darzi and Mackay). 2002;131:121-4

## L

**Laparoscopy**
Bedside diagnostic minilaparoscopy in the intensive care patient (Gagné et al). 2002;131:491-6
Letter to the Editors (Burney and Jones). 2002;131:694-5 (Letter reply)
Letter to the Editors (Himal). 2002;131:694 (Letter)
Laparoscopic splenectomy for hematologic diseases (Tanoue et al). 2002;131:S318-23
Minimally invasive hepatectomy: modulation of systemic reactions to operation or laparoscopic approach (Shimada et al). 2002;131:S312-7
A randomized controlled trial comparing open vs laparoscopy-assisted distal gastrectomy for the treatment of early gastric cancer: an interim report (Kitano et al). 2002;131:S306-11
Role of access trauma in appendectomy (Ng et al). 2002;131:119-20 (Letter)
**Laparotomy**
Letter to the Editors (Delarue and Guys). 2002;131:474-5 (Letter)
A particular case of acute necrotizing pancreatitis (Noorda et al). 2002;131:589-90 (Letter)
**Leadership**
Leaders in American surgery: where are the women (Jonasson). 2002;131:672-5
**Letters to the Editors**
Acute hypersplenism with splenomegaly after portal vein embolization (Nagino et al). 2002;131:695 (Letter)
The cost of transfusion and alternatives (Spence). 2002;131:236-7 (Letter)
Letter to the Editors (Burney and Jones). 2002;131:694-5 (Letter reply)
Letter to the Editors (Himal). 2002;131:694 (Letter)
Letter to the Editors (Yano et al). 2002;131:362 (Letter)
Eosinophilic cholangiopathy (Abdalla and Vauthey). 2002;131:237-8 (Letter)

*Helicobacter pylori* and complicated ulcer disease (Behrman et al). 2002;131:589 (Letter)
*Helicobacter pylori* and complicated ulcer disease (Kokoska and Kauffman). 2002;131:589 (Letter reply)
Letter to the Editors (Andersson). 2002;131:472 (Letter)
Letter to the Editors (Kessler et al). 2002;131:473 (Letter)
Letter to the editors (Lang et al). 2002;131:239 (Letter)
Letter to the Editors (Sasaki et al). 2002;131:696 (Letter)
A particular case of acute necrotizing pancreatitis (Noorda et al). 2002;131:589-90 (Letter)
Reply (Frisch). 2002;131:472-3 (Letter reply)
Significant hypomagnesemia after celiotomy: implications of preoperative bowel cleansing with sodium phosphate purgative (Schwarz and Zagala-Nevarez). 2002;131:236 (Letter)
Statistics and herniorrhaphy (Barone). 2002;131:119 (Letter)
Statistics and herniorrhaphy (Kingsnorth). 2002;131:119 (Letter reply)
The value of sestamibi scans (Arici and Clark). 2002;131:238-9 (Letter reply)
The value of sestamibi scans (Hodin). 2002;131:238 (Letter)

**Life support care**
Arsenic and old lace: end-of-life care in the postoperative period (Jones and McCullough). 2002;131:583-4

**Lipoma**
Giant colonic lipoma as lead point for intermittent colo-colonic intussusception (Rogers et al). 2002;131:687-8

**Lipopolysaccharides**
Toll-like receptors and surgical disease (Raeburn et al). 2002;131:477-83

**Liver**
P38 mitogen-activated protein kinase inhibition attenuates ischemia-reperfusion injury of the rat liver (Kobayashi et al). 2002;131:344-9

**Liver, artificial**
Hybrid-artificial liver support system (Yamashita et al). 2002;131:S334-40

**Liver circulation**
Effects of cortisol administration on hepatic circulation during brain death in rabbits (Ogawa et al). 2002;131:450-62

**Liver cirrhosis**
Extent of liver resection influences the outcome in patients with cirrhosis and small hepatocellular carcinoma (Regimbeau et al). 2002;131:311-7

**Liver failure**
Hybrid-artificial liver support system (Yamashita et al). 2002;131:S334-40
Living-donor liver transplantation for fulminant hepatic failure in adult patients with a left-lobe graft (Nishizaki et al). 2002;131:S182-9

**Liver neoplasms**
Downstaging of hepatocellular carcinoma and liver metastases from colorectal cancer by selective intra-arterial chemotherapy (Clavien et al). 2002;131:433-42
Intermittent total vascular exclusion in removing caudate lobe tumor with tumor thrombus in the vena cava (Seyama et al). 2002;131:574-6
Intrahepatic cholangiocarcinoma: its mode of spreading and therapeutic modalities (Shirabe et al). 2002;131:S159-64
Letter to the Editors (Lang et al). 2002;131:239 (Letter)
Preoperative selective portal vein embolization before hepatectomy for liver metastases: long-term results and impact on survival (Elias et al). 2002;131:294-9
Protracted hepatic arterial infusion with low-dose cisplatin plus 5-fluorouracil for unresectable liver metastases from colorectal cancer (Kohnoe et al). 2002;131:S128-34
Roles of the glucocorticoid receptor in resectable hepatocellular carcinoma (Ho et al). 2002;131:19-25

**Liver regeneration**
Cholestasis induces murine hepatocyte apoptosis and DNA synthesis with preservation of the immediate-early gene response (Bird et al). 2002;131:556-63
Delayed liver regeneration with negative regulation of hepatocyte growth factor and positive regulation of transforming growth factor-beta1 mRNA after portal branch ligation in biliary obstructed rats (Yamano et al). 2002;131:163-71
Lack of intestinal bile results in delayed liver regeneration of normal rat liver after hepatectomy accompanied by impaired cyclin F-associated kinase activity (Ueda et al). 2002;131:564-73

**Liver transplantation**
A 16-year experience in performing hepatic resection in 303 patients with hepatocellular carcinoma: 1985-2000 (Kanematsu et al). 2002;131:S153-8
Auxiliary partial orthotopic liver transplantation from living donors (Ikegami et al). 2002;131:S205-20
A case of adult-to-adult living donor liver transplantation using right and left lateral lobe grafts from 2 donors (Kaihara et al). 2002;131:682-4
Hepatic artery reconstruction in living-donor liver transplantation: a review of its techniques and complications (Uchiyama et al). 2002;131:S200-4
Liver transplantation for hepatocellular carcinoma (Suehiro et al). 2002;131:S190-4
Living-donor liver transplantation for fulminant hepatic failure in adult patients with a left-lobe graft (Nishizaki et al). 2002;131:S182-9
Perioperative management and complications in donors related to living-donor liver transplantation (Soejima et al). 2002;131:S195-9

**Living donors**
Auxiliary partial orthotopic liver transplantation from living donors (Ikegami et al). 2002;131:S205-20
A case of adult-to-adult living donor liver transplantation using right and left lateral lobe grafts from 2 donors (Kaihara et al). 2002;131:682-4
Hepatic artery reconstruction in living-donor liver transplantation: a review of its techniques and complications (Uchiyama et al). 2002;131:S200-4
Living-donor liver transplantation for fulminant hepatic failure in adult patients with a left-lobe graft (Nishizaki et al). 2002;131:S182-9
Perioperative management and complications in donors related to living-donor liver transplantation (Soejima et al). 2002;131:S195-9

**Lung neoplasms**
Clinical significance of serum TH1/TH2 cytokines in patients with pulmonary adenocarcinoma (Yamazaki et al). 2002;131:S236-41
Immunologic strategies for the treatment of non-small cell lung cancer (Yano et al). 2002;131:S232-5
The influence of hospital and surgeon volume on in-hospital mortality for colectomy, gastrectomy, and lung lobectomy in patients with cancer (Hannan et al). 2002;131:6-15
Micrometastasis in the bone marrow of patients with lung cancer associated with a reduced expression of E-cadherin and β-catenin: risk assessment by immunohistochemistry (Sugio et al). 2002;131:S226-31
A time trend of profile and surgical results in 1123 patients with non-small cell lung cancer (Yoshino et al). 2002;131:S242-8

**Lymph node excision**
Intrahepatic cholangiocarcinoma: its mode of spreading and therapeutic modalities (Shirabe et al). 2002;131:S159-64
Letter to the Editors (Sasaki et al). 2002;131:696 (Letter)
Therapeutic value of lymph node dissection and the clinical outcome for patients with gastric cancer (Maehara et al). 2002;131:S85-91

**Lymph nodes**
The biologic features of intramucosal gastric carcinoma with lymph node metastasis (Kabashima et al). 2002;131:S71-7
Comparison between periareolar and peritumoral injection of radiotracer for sentinel lymph node biopsy in patients with breast cancer (Shimazu et al). 2002;131:277-86
Detection of micrometastasis in the sentinel lymph nodes in breast cancer (Ishida et al). 2002;131:S211-6
Distribution of lymph node micrometastasis in pN0 well-differentiated thyroid carcinoma (Qubain et al). 2002;131:249-56
Frequency and predictive factors of malignancy in residual thyroid tissue and cervical lymph nodes after partial thyroidec-

tomy for differentiated thyroid cancer (Alzahrani et al). 2002;131:443-9
Lymph node micrometastasis and lymphatic mapping determined by reverse transcriptase-polymerase chain reaction in pN0 gastric carcinoma (Matsumoto et al). 2002;131:630-5
Percutaneous transhepatic lymphography method to image and treat intra-abdominal lymph node metastasis in patients with unresectable hepatobiliary pancreatic cancer (Teramoto et al). 2002;131:529-33
The relationship between cyclin B1 overexpression and lymph node metastasis in human colorectal cancer (Korenaga et al). 2002;131:S114-20
Sentinel lymph node biopsy demonstrating concomitant melanoma and mantle cell lymphoma (St. Peter et al). 2002;131:216-8
Sentinel node biopsy and lymphoscintigraphy with a technetium 99m labeled blue dye in a rabbit model (Sutton et al). 2002;131:44-9

**Lymphangiomyomatosis**
Lymphangiomatosis of the spleen and 2 accessory spleens (Barrier et al). 2002;131:114-6

**Lymphography**
Percutaneous transhepatic lymphography method to image and treat intra-abdominal lymph node metastasis in patients with unresectable hepatobiliary pancreatic cancer (Teramoto et al). 2002;131:529-33

**Lymphoma, mantle-cell**
Sentinel lymph node biopsy demonstrating concomitant melanoma and mantle cell lymphoma (St. Peter et al). 2002;131:216-8

M

**Magnesium**
Significant hypomagnesemia after celiotomy: implications of preoperative bowel cleansing with sodium phosphate purgative (Schwarz and Zagala-Nevarez). 2002;131:236 (Letter)

**Mastectomy**
Early results of an endoscope-assisted subcutaneous mastectomy and reconstruction for breast cancer (Kitamura et al). 2002;131:S324-9

**Mastectomy, segmental**
Conservative surgery and chemotherapy for breast carcinoma during pregnancy (Kuerer et al). 2002;131:108-10

**Meckel's diverticulum**
Patent omphalomesenteric duct (Konvolinka). 2002;131:689-90

**Medicine, herbal**
Acalculous eosinophilic cholecystitis from herbal medicine: a review of adverse effects of herbal medicine in surgical patients (Adusumilli et al). 2002;131:352-6

**Melanoma**
Sentinel lymph node biopsy demonstrating concomitant melanoma and mantle cell lymphoma (St. Peter et al). 2002;131:216-8
Vitamin E inhibits melanoma growth in mice (Malafa et al). 2002;131:85-91

**Microsatellite repeats**
Comparison of microsatellite instability and chromosomal instability in predicting survival of patients with T3N0 colorectal cancer (Gervaz et al). 2002;131:190-7
Microsatellite instability in cancer: what problems remain unanswered? (Oda et al). 2002;131:S55-62

**Microscopy, confocal**
Analysis of the gene-expression profile regarding the progression of human gastric carcinoma (Mori et al). 2002;131:S39-47

**Mitochondria**
Mitochondrial function during ischemic preconditioning (Crestanello et al). 2002;131:172-8

**Mitogen-activated protein kinase**
Quercetin inhibits human vascular smooth muscle cell proliferation and migration (Alcocer et al). 2002;131:198-204

**Mitogen-activated protein kinases**
P38 mitogen-activated protein kinase inhibition attenuates ischemia-reperfusion injury of the rat liver (Kobayashi et al). 2002;131:344-9

**Mitomycin**
Mitomycin-C prevents reformation of intra-abdominal adhesions after adhesiolysis (Çubukçu et al). 2002;131:81-4

**Moments in surgery**
Coffee creamer, the bionic man, and organ preservation (Southard). 2002;131:228-9
Lipstick and pearls (Perrier). 2002;131:663-4
Revisiting our surgical heritage (Warshaw). 2002;131:470-1
A teacher of surgical thought (Sterioff and Nelson). 2002;131:117-8
Who is Hawkeye? (Flint). 2002;131:357-8

**Monocytes**
Glutamine deficiency renders human monocytic cells more susceptible to specific apoptosis triggers (Exner et al). 2002;131:75-80

**Mortality**
The influence of hospital and surgeon volume on in-hospital mortality for colectomy, gastrectomy, and lung lobectomy in patients with cancer (Hannan et al). 2002;131:6-15

**Mover, Carl**
A teacher of surgical thought (Sterioff and Nelson). 2002;131:117-8

**Multienzyme complexes**
Ubiquitin proteasome inhibition and cancer therapy (Shah et al). 2002;131:594-9

**Multiple endocrine neoplasia type 2a**
RET mutation profile and variable clinical manifestations in a family with multiple endocrine neoplasia type 2A and Hirschsprung's disease (Pasini et al). 2002;131:373-81

**Multiple organ failure**
Bacterial translocation or lymphatic drainage of toxic products from the gut: what is important in human beings? (Deitch). 2002;131:241-4

**Muscle, smooth, vascular**
Quercetin inhibits human vascular smooth muscle cell proliferation and migration (Alcocer et al). 2002;131:198-204

**Mutation**
Are specific inherited mutations important in clinical management of hereditary cancer syndromes (Moley). 2002;131:382-3 (Commentary)

**Mycoses**
Enteral fluconazole is well absorbed in critically ill surgical patients (Pelz et al). 2002;131:534-40

N

**Neoadjuvant therapy**
Downstaging of hepatocellular carcinoma and liver metastases from colorectal cancer by selective intra-arterial chemotherapy (Clavien et al). 2002;131:433-42

**Neoplasm metastasis**
The administration of hypotonic intraperitoneal cisplatin during operation as a treatment for the peritoneal dissemination of gastric cancer (Tsujitani et al). 2002;131:S98-104
The biologic features of intramucosal gastric carcinoma with lymph node metastasis (Kabashima et al). 2002;131:S71-7
Clinical significance of preoperative serum vascular endothelial growth factor levels in patients with colorectal cancer and the effect of tumor surgery (Karayiannakis et al). 2002;131:548-55
Clinicopathologic risk factors for recurrence after a curative hepatic resection for hepatocellular carcinoma (Adachi et al). 2002;131:S148-52
Detection of micrometastasis in the sentinel lymph nodes in breast cancer (Ishida et al). 2002;131:S211-6
Distribution of lymph node micrometastasis in pN0 well-differentiated thyroid carcinoma (Qubain et al). 2002;131:249-56
Lymph node micrometastasis and lymphatic mapping determined by reverse transcriptase-polymerase chain reaction in pN0 gastric carcinoma (Matsumoto et al). 2002;131:630-5

Metastatic breast cancer with HER2/neu-positive cells tends to have a morbid prognosis (Emi et al). 2002;131:S217-21
Micrometastasis in solid epithelial tumors: impact on surgical oncology (Izbicki et al). 2002;131:1-5
Micrometastasis in the bone marrow of patients with lung cancer associated with a reduced expression of E-cadherin and β-catenin: risk assessment by immunohistochemistry (Sugio et al). 2002;131:S226-31
Percutaneous transhepatic lymphography method to image and treat intra-abdominal lymph node metastasis in patients with unresectable hepatobiliary pancreatic cancer (Teramoto et al). 2002;131:529-33
Preoperative selective portal vein embolization before hepatectomy for liver metastases: long-term results and impact on survival (Elias et al). 2002;131:294-9
Protracted hepatic arterial infusion with low-dose cisplatin plus 5-fluorouracil for unresectable liver metastases from colorectal cancer (Kohnoe et al). 2002;131:S128-34
The relationship between cyclin B1 overexpression and lymph node metastasis in human colorectal cancer (Korenaga et al). 2002;131:S114-20
The role of operations for distantly metastatic well-differentiated thyroid carcinoma (Stojadinovic et al). 2002;131:636-43

**Neoplasm recurrence, local**
Clinicopathologic risk factors for recurrence after a curative hepatic resection for hepatocellular carcinoma (Adachi et al). 2002;131:S148-52
Hyperthermia for rectal cancer (Ohno et al). 2002;131:S121-7
Lack of efficacy of prophylactic continuous hyperthermic peritoneal perfusion on subsequent peritoneal recurrence and survival in patients with advanced gastric cancer (Kunisaki et al). 2002;131:521-8
The role of operations for distantly metastatic well-differentiated thyroid carcinoma (Stojadinovic et al). 2002;131:636-43

**Neoplastic syndromes, hereditary**
Are specific inherited mutations important in clinical management of hereditary cancer syndromes? (Moley). 2002;131:382-3 (Commentary)
Microsatellite instability in cancer: what problems remain unanswered? (Oda et al). 2002;131:S55-62
V804M RET mutation and familial medullary thyroid carcinoma: report of a large family with expression of the disease only in the homozygous gene carriers (Lecube et al). 2002;131:509-14

**Neovascularization, pathologic**
Angiogenesis as a target for gastric cancer (Kakeji et al). 2002;131:S48-54
Estimation of angiogenesis with anti-CD105 immunostaining in the process of colorectal cancer development (Akagi et al). 2002;131:S109-13
The mechanisms of angiogenesis in hepatocellular carcinoma: angiogenic switch during tumor progression (Sugimachi et al). 2002;131:S135-41

**Neovascularization, physiologic**
Platelet-derived growth factor-AA-mediated functional angiogenesis in the rat epigastric island flap after genetic modification of fibroblasts is ischemia dependent (Machens et al). 2002;131:393-400

**Neuroblastoma**
Evaluation of genetic heterogeneity in neuroblastoma (Tajiri et al). 2002;131:S283-7

**NF-Kappa B**
Evidence for a role of nuclear factor-B in acute hypovolemic hemorrhagic shock (Altavilla et al). 2002;131:50-8

**Nitric oxide**
Assessment of the intestinal permeability after a gastrectomy and the oral administration of anticancer drugs in rats: nitric oxide release in response to gut injury (Nagahama et al). 2002;131:S92-7

**Nitric-oxide synthase**
Intraluminal gene transfer of endothelial cell-nitric oxide synthase suppresses intimal hyperplasia of vein grafts in cholesterol-fed rabbit: a limited biological effect as a result of the loss of medial smooth muscle cells (Ohta et al). 2002;131:644-53
Nitric oxide synthase 2 MRNA expression in relation to p53 and adenomatous polyposis coli mutations in primary colorectal adenocarcinomas (Fransén et al). 2002;131:384-92

**Nosocomial infections; *see* Cross infections**

O

**Obesity, morbid**
Lap-band failures: conversion to gastric bypass and their preliminary outcomes (Kothari et al). 2002;131:625-9
Salvage of Swedish Adjustable Gastric Band after explantation of an infected access port (Baldinger et al). 2002;131:350-1

**Oddi's sphincter**
Biliary sphincter motility after neural isolation of the pancreatoduodenal region in conscious dogs (Ohtsuka et al). 2002;131:139-48

**Oligonucleotide array sequence analysis**
Analysis of the gene-expression profile regarding the progression of human gastric carcinoma (Mori et al). 2002;131:S39-47

**Omentum**
Letter to the Editors (Kessler et al). 2002;131:473 (Letter)

**Oncogene proteins**
Oncogenic signal transduction and therapeutic strategy for hepatocellular carcinoma (Tanaka et al). 2002;131:S142-7

**Oncogenes**
Clinical significance of PEA3 in human breast cancer (Kinoshita et al). 2002;131:S222-5

**Outcome assessment (Health care)**
Quality of care and the volume-outcome relationship—what's next for surgery? (Daley). 2002;131:16-8 (Commentary)

P

**P-selectin**
Local blood serotonin and soluble P-selectin levels during percutaneous transluminal balloon angioplasty and primary stenting of the iliac artery (Onohara et al). 2002;131:S256-60

**P38 mitogen protein kinase; *see* Mitogen-activated protein kinases**

**Pain measurement**
Statistics and herniorrhaphy (Barone). 2002;131:119 (Letter)
Statistics and herniorrhaphy (Kingsnorth). 2002;131:119 (Letter reply)

**Pancreas**
Biliary sphincter motility after neural isolation of the pancreatoduodenal region in conscious dogs (Ohtsuka et al). 2002;131:139-48
End-to-end anastomosis of pancreas (Ramesh). 2002;131:691-3

**Pancreatectomy**
Complete dorsal pancreatectomy with preservation of the ventral pancreas: a new surgical technique (Thayer et al). 2002;131:577-80
End-to-end anastomosis of pancreas (Ramesh). 2002;131:691-3

**Pancreatic neoplasms**
Cryoablation of unresectable pancreatic cancer (Kovach et al). 2002;131:463-4
Myofibroblasts are responsible for the desmoplastic reaction surrounding human pancreatic carcinomas (Yen et al). 2002;131:129-34
Paucity of dendritic cells in pancreatic cancer (Dallal et al). 2002;131:135-8
Percutaneous transhepatic lymphography method to image and treat intra-abdominal lymph node metastasis in patients with unresectable hepatobiliary pancreatic cancer (Teramoto et al). 2002;131:529-33

**Pancreatitis**
Hematin is one of the cytotoxic factors in pancreatitis-associated ascitic fluid that causes hepatocellular injury (Ueda). 2002;131:66-74

Role of activation peptides from pancreatic proenzymes in the diagnosis and prognosis of acute pancreatitis (Borgström et al). 2002;131:125-8
Soluble thrombomodulin plasma levels are an early indication of a lethal course in human acute pancreatitis (Mantke et al). 2002;131:424-32

**Pancreatitis, acute necrotizing**
A particular case of acute necrotizing pancreatitis (Noorda et al). 2002;131:589-90 (Letter)

**Pancreatoduodenectomy**
Letter to the Editors (Sasaki et al). 2002;131:696 (Letter)

**Parathyroid gland**
Supernumerary intravagal parathyroid hyperplasia (Hung et al). 2002;131:359-61

**Parathyroid hormones**
Low parathyroid hormone levels after thyroid surgery: a feasible predictor of hypocalcemia (Lindblom et al). 2002;131:515-20

**Parathyroidectomy**
Minimally invasive parathyroid surgery in 103 patients with local/regional anesthesia, without exclusion criteria (Monchik et al). 2002;131:502-8
Parathyroidectomy in familial hypercalcemia with clinical characteristics of primary hyperparathyroidism and familial hypocalciuric hypercalcemia (Szabo et al). 2002;131:257-63

**Parental nutrition**
Changing profile of parenteral nutrition in pediatric surgery: a 30-year experience at one institute (Suita et al). 2002;131:S275-82

**Parental nutrition, total**
The neuropeptide bombesin improves IgA-mediated mucosal immunity with preservation of gut interleukin-4 in total parenteral nutrition-fed mice (Zarzaur et al). 2002;131:59-65

**Peptic ulcer**
*Helicobacter pylori* and complicated ulcer disease (Behrman et al). 2002;131:589 (Letter)
*Helicobacter pylori* and complicated ulcer disease (Kokoska and Kauffman). 2002;131:589 (Letter reply)

**Peptic ulcer perforation**
Multiple gastric perforations in an immunodepressed child (Franciosi et al). 2002;131:685-6

**Peptides**
Role of activation peptides from pancreatic proenzymes in the diagnosis and prognosis of acute pancreatitis (Borgström et al). 2002;131:125-8

**Periodicals**
Industry-sponsored studies: what are our responsibilities as investigators and as editors? (Sarr and Warshaw) 2002;131:594 (Editorial)
Joint policy statement of the surgical journal editors on scientific data from clinical trials: investigators' responsibilities and rights (Surgical Editors Group). 2002;131:591-3

**Peritoneal neoplasms**
Lack of efficacy of prophylactic continuous hyperthermic peritoneal perfusion on subsequent peritoneal recurrence and survival in patients with advanced gastric cancer (Kunisaki et al). 2002;131:521-8

**Physicians, women**
Leaders in American surgery: where are the women? (Jonasson). 2002;131:672-5
Lipstick and pearls (Perrier). 2002;131:663-4
Perspectives of a woman resident (Walsh et al). 2002;131:666-9
Success, women, and academic surgery (Flannery). 2002;131:670-1
Women in surgery: some perspectives (Warshaw). 2002;131:665

**Platelet-derived growth factor**
Platelet-derived growth factor-AA-mediated functional angiogenesis in the rat epigastric island flap after genetic modification of fibroblasts is ischemia dependent (Machens et al). 2002;131:393-400

**Ploidies**
DNA ploidy and its clinical implications in gastric cancer (Baba et al). 2002;131:S63-70

**Point-of-care systems**
Bedside diagnostic minilaparoscopy in the intensive care patient (Gagné et al). 2002;131:491-6

**Polytetrafluorethylene**
Small bowel obstruction due to intestinal migration of an inferior vena cava polytetrafluoroethylene graft (Guru and Rotstein). 2002;131:465-7

**Portal vein**
Acute hypersplenism with splenomegaly after portal vein embolization (Nagino et al). 2002;131:695 (Letter)
Application of preoperative portal vein embolization before major hepatic resection in patients with normal or abnormal liver parenchyma (Wakabayashi et al). 2002;131:26-33
Preoperative selective portal vein embolization before hepatectomy for liver metastases: long-term results and impact on survival (Elias et al). 2002;131:294-9

**Postoperative hemorrhage**
Hemorrhage associated with vitamin C deficiency in surgical patients (Blee et al). 2002;131:408-12
Letter to the Editors (Kessler et al). 2002;131:473 (Letter)

**Postoperative period**
Arsenic and old lace: end-of-life care in the postoperative period (Jones and McCullough). 2002;131:583-4

**Pregnancy**
Conservative surgery and chemotherapy for breast carcinoma during pregnancy (Kuerer et al). 2002;131:108-10

**Prejudice**
Perspectives of a woman resident (Walsh et al). 2002;131:666-9

**Preoperative care**
Screening for primary hyperparathyroidism before thyroid surgery: a prospective study (Denizot et al). 2002;131:264-9

**Procollagen**
Impaired balance of type I and type III procollagen mRNA in cultured fibroblasts of patients with incisional hernia (Si et al). 2002;131:324-31

**Protein p53**
Comparison of microsatellite instability and chromosomal instability in predicting survival of patients with T3N0 colorectal cancer (Gervaz et al). 2002;131:190-7
Nitric oxide synthase 2 MRNA expression in relation to p53 and adenomatous polyposis coli mutations in primary colorectal adenocarcinomas (Fransén et al). 2002;131:384-92
The relation of alcohol consumption and cigarette smoking to the multiple occurrence of esophageal dysplasia and squamous cell carcinoma (Miyazaki et al). 2002;131:S7-13

**Proto-oncogene proteins**
RET mutation profile and variable clinical manifestations in a family with multiple endocrine neoplasia type 2A and Hirschsprung's disease (Pasini et al). 2002;131:373-81
V804M RET mutation and familial medullary thyroid carcinoma: report of a large family with expression of the disease only in the homozygous gene carriers (Lecube et al). 2002;131:509-14

**Pseudomyxoma peritonei**
Pseudomyxoma peritonei (Baradi and Ponsky). 2002;131:230-1

**Psychomotor performance**
Relationship between skill and outcome in the laboratory-based model (Datta et al). 2002;131:318-23

**Publications**
Industry-sponsored studies: what are our responsibilities as investigators and as editors? (Sarr and Warshaw) 2002;131:594 (Editorial)
Joint policy statement of the surgical journal editors on scientific data from clinical trials: investigators' responsibilities and rights (Surgical Editors Group). 2002;131:591-3

**Pylorus**
Functional characteristics of the pylorus in patients undergoing pylorus-preserving gastrectomy for early gastric cancer (Nishikawa et al). 2002;131:613-24

## Q

**Quality of health care**
Quality of care and the volume-outcome relationship—what's next for surgery? (Daley). 2002;131:16-8 (Commentary)

**Quercetin**
Quercetin inhibits human vascular smooth muscle cell proliferation and migration (Alcocer et al). 2002;131:198-204

R

**Radioisotopes**
Comparison between periareolar and peritumoral injection of radiotracer for sentinel lymph node biopsy in patients with breast cancer (Shimazu et al). 2002;131:277-86

**Radionuclide imaging**
Sentinel node biopsy and lymphoscintigraphy with a technetium 99m labeled blue dye in a rabbit model (Sutton et al). 2002;131:44-9

**Radiotherapy**
Protective effects of ex vivo graft radiation and tacrolimus on syngeneic transplanted rat small bowel motility (Schwarz et al). 2002;131:413-23

**Radiotherapy, adjuvant**
Clinical application of hyperthermia combined with anticancer drugs for the treatment of solid tumors (Takahashi et al). 2002;131:S78-84
Preoperative hyperthermochemoradiotherapy for esophageal carcinoma (Nozoe et al). 2002;131:S35-8
Surgical and oncological advances in the treatment of esophageal cancer (Ohga et al). 2002;131:S28-34

**Reactive oxygen species**
Signal transduction by reactive oxygen species: alternative paradigms for signaling specificity (Fuh et al). 2002;131:601-12

**Receptor, erB-2**
Metastatic breast cancer with HER2/neu-positive cells tends to have a morbid prognosis (Emi et al). 2002;131:S217-21

**Receptors, cell surface**
Toll-like receptors and surgical disease (Raeburn et al). 2002;131:477-83

**Receptors, epidermal growth factor**
Metastatic breast cancer with HER2/neu-positive cells tends to have a morbid prognosis (Emi et al). 2002;131:S217-21

**Receptors, glucocorticoid**
Roles of the glucocorticoid receptor in resectable hepatocellular carcinoma (Ho et al). 2002;131:19-25

**Reconstructive surgical procedures**
Immediate navel reconstruction after total excision: a simple three-suture technique (Schoeller et al). 2002;131:105-7

**Rectal neoplasms**
Hyperthermia for rectal cancer (Ohno et al). 2002;131:S121-7
A prospective study of sexual and urinary function before and after total mesorectal excision with autonomic nerve preservation for rectal cancer (Pocard et al). 2002;131:368-72

**Reemstma, Keith**
Who is Hawkeye? (Flint). 2002;131:357-8

**Reperfusion injury**
Attenuation of renal ischemia-reperfusion injury by FR167653 in dogs (Kitada et al). 2002;131:654-62
Mitochondrial function during ischemic preconditioning (Crestanello et al). 2002;131:172-8
P38 mitogen-activated protein kinase inhibition attenuates ischemia-reperfusion injury of the rat liver (Kobayashi et al). 2002;131:344-9

**Research support**
Industry-sponsored studies: what are our responsibilities as investigators and as editors? (Sarr and Warshaw) 2002;131:594 (Editorial)
Joint policy statement of the surgical journal editors on scientific data from clinical trials: investigators' responsibilities and rights (Surgical Editors Group). 2002;131:591-3

**Respiratory tract neoplasms**
Risk factors for esophageal cancer and the multiple occurrence of carcinoma in the upper aerodigestive tract (Morita et al). 2002;131:S1-6

**Reverse transcriptase polymerase chain reaction**
Lymph node micrometastasis and lymphatic mapping determined by reverse transcriptase-polymerase chain reaction in pN0 gastric carcinoma (Matsumoto et al). 2002;131:630-5

**Risk factors**
Morbidity and mortality of gastrectomy for cancer in Department of Veterans Affairs Medical Centers (Grossmann et al). 2002;131:484-90
Risk factors for esophageal cancer and the multiple occurrence of carcinoma in the upper aerodigestive tract (Morita et al). 2002;131:S1-6

**Robotics**
A new era of robotic surgery assisted by a computer-enhanced surgical system (Hashizume et al). 2002;131:S330-3

S

**Scintigraphy**
Prospective evaluation of delayed technetium-99m sestamibi SPECT scintigraphy for preoperative localization of primary hyperparathyroidism (Civelek et al). 2002;131:149-57
The value of sestamibi scans (Arici and Clark). 2002;131:238-9 (Letter reply)
The value of sestamibi scans (Hodin). 2002;131:238 (Letter)

**Sclerotherapy**
Endoscopic injection sclerotherapy in the management of 2105 patients with esophageal varices (Tomikawa et al). 2002;131:S171-5
Long-term results of endoscopic Histoacryl injection sclerotherapy for gastric variceal bleeding: a 10-year experience (Akahoshi et al). 2002;131:S176-81

**Sepsis**
Bacterial translocation or lymphatic drainage of toxic products from the gut: what is important in human beings? (Deitch). 2002;131:241-4

**Serotonin**
Local blood serotonin and soluble P-selectin levels during percutaneous transluminal balloon angioplasty and primary stenting of the iliac artery (Onohara et al). 2002;131:S256-60

**Sex**
Premenopausal women deposit more collagen than men during healing of an experimental wound (Jorgensen et al). 2002;131:338-43

**Sex differentiation disorders**
Effects of the prenatal administration of cimetidine on testicular descent and genital differentiation in rats (Shono et al). 2002;131:S301-5

**Sexual and gender disorders**
Surgical treatment of intersex abnormalities: a review (Hrabovszky and Hutson). 2002;131:92-104

**Sexual harassment**
Perspectives of a woman resident (Walsh et al). 2002;131:666-9

**Sexuality**
A prospective study of sexual and urinary function before and after total mesorectal excision with autonomic nerve preservation for rectal cancer (Pocard et al). 2002;131:368-72

**Shock, hemorrhagic**
Evidence for a role of nuclear factor-B in acute hypovolemic hemorrhagic shock (Altavilla et al). 2002;131:50-8

**Signal transduction**
Oncogenic signal transduction and therapeutic strategy for hepatocellular carcinoma (Tanaka et al). 2002;131:S142-7
Signal transduction by reactive oxygen species: alternative paradigms for signaling specificity (Fuh et al). 2002;131:601-12

**Smoking**
The relation of alcohol consumption and cigarette smoking to the multiple occurrence of esophageal dysplasia and squamous cell carcinoma (Miyazaki et al). 2002;131:S7-13

**Somatomedins**
Oncogenic signal transduction and therapeutic strategy for hepatocellular carcinoma (Tanaka et al). 2002;131:S142-7

**Spleen**
Lymphangiomatosis of the spleen and 2 accessory spleens (Barrier et al). 2002;131:114-6
**Splenectomy**
Laparoscopic splenectomy for hematologic diseases (Tanoue et al). 2002;131:S318-23
A prospective randomized study comparing D2 total gastrectomy versus D2 total gastrectomy plus splenectomy in 187 patients with gastric carcinoma (Csendes et al). 2002;131:401-7
**Splenomegaly**
Acute hypersplenism with splenomegaly after portal vein embolization (Nagino et al). 2002;131:695 (Letter)
**Statistics**
Letter to the Editors (Andersson). 2002;131:472 (Letter)
Reply (Frisch). 2002;131:472-3 (Letter reply)
Statistics and herniorrhaphy (Barone). 2002;131:119 (Letter)
Statistics and herniorrhaphy (Kingsnorth). 2002;131:119 (Letter reply)
**Stomach neoplasms**
The administration of hypotonic intraperitoneal cisplatin during operation as a treatment for the peritoneal dissemination of gastric cancer (Tsujitani et al). 2002;131:S98-104
Analysis of the gene-expression profile regarding the progression of human gastric carcinoma (Mori et al). 2002;131:S39-47
Angiogenesis as a target for gastric cancer (Kakeji et al). 2002;131:S48-54
The biologic features of intramucosal gastric carcinoma with lymph node metastasis (Kabashima et al). 2002;131:S71-7
Clinical application of hyperthermia combined with anticancer drugs for the treatment of solid tumors (Takahashi et al). 2002;131:S78-84
DNA ploidy and its clinical implications in gastric cancer (Baba et al). 2002;131:S63-70
Functional characteristics of the pylorus in patients undergoing pylorus-preserving gastrectomy for early gastric cancer (Nishikawa et al). 2002;131:613-24
Lack of efficacy of prophylactic continuous hyperthermic peritoneal perfusion on subsequent peritoneal recurrence and survival in patients with advanced gastric cancer (Kunisaki et al). 2002;131:521-8
Lymph node micrometastasis and lymphatic mapping determined by reverse transcriptase-polymerase chain reaction in pN0 gastric carcinoma (Matsumoto et al). 2002;131:630-5
Morbidity and mortality of gastrectomy for cancer in Department of Veterans Affairs Medical Centers (Grossmann et al). 2002;131:484-90
A prospective randomized study comparing D2 total gastrectomy versus D2 total gastrectomy plus splenectomy in 187 patients with gastric carcinoma (Csendes et al). 2002;131:401-7
A randomized controlled trial comparing open vs laparoscopy-assisted distal gastrectomy for the treatment of early gastric cancer: an interim report (Kitano et al). 2002;131:S306-11
Therapeutic value of lymph node dissection and the clinical outcome for patients with gastric cancer (Maehara et al). 2002;131:S85-91
**Stomach ulcer**
Multiple gastric perforations in an immunodepressed child (Franciosi et al). 2002;131:685-6
**Succinic acid**
Vitamin E inhibits melanoma growth in mice (Malafa et al). 2002;131:85-91
**Surgeons**
Coffee creamer, the bionic man, and organ preservation (Southard). 2002;131:228-9
Lipstick and pearls (Perrier). 2002;131:663-4
Perspectives of a woman resident (Walsh et al). 2002;131:666-9
Revisiting our surgical heritage (Warshaw). 2002;131:470-1
Skills assessment of surgeons (Darzi and Mackay). 2002;131:121-4
Success, women, and academic surgery (Flannery). 2002;131:670-1
Surgeons' ethics? You bet! (Kodner). 2002;131:581-2 (Editorial)
A teacher of surgical thought (Sterioff and Nelson). 2002;131:117-8
Who is Hawkeye? (Flint). 2002;131:357-8
Women in surgery: some perspectives (Warshaw). 2002;131:665
**Surgery**
Leaders in American surgery: where are the women? (Jonasson). 2002;131:672-5
A new era of robotic surgery assisted by a computer-enhanced surgical system (Hashizume et al). 2002;131:S330-3
Relationship between skill and outcome in the laboratory-based model (Datta et al). 2002;131:318-23
**Surgical flaps**
Granulation tissue regression induced by musculocutaneous advancement flap coverage (Carlson et al). 2002;131:332-7
Platelet-derived growth factor-AA-mediated functional angiogenesis in the rat epigastric island flap after genetic modification of fibroblasts is ischemia dependent (Machens et al). 2002;131:393-400
**Surgical stapling**
Endoscopic stapler-assisted diverticuloesophagostomy for Zenker's diverticulum: patient satisfaction and subjective relief of symptoms (Stoeckli and Schmid). 2002;131:158-62
**Syndactyly**
Progressive macrosyndactyly due to nerve territory-oriented lipofibromatosis: a case report (Nagarajan et al). 2002;131:468-9

## T

**Tacrolimus**
Protective effects of ex vivo graft radiation and tacrolimus on syngeneic transplanted rat small bowel motility (Schwarz et al). 2002;131:413-23
**Technetium 99m**
Sentinel node biopsy and lymphoscintigraphy with a technetium 99m labeled blue dye in a rabbit model (Sutton et al). 2002;131:44-9
**Technetium Tc 99m sestamibi**
Prospective evaluation of delayed technetium-99m sestamibi SPECT scintigraphy for preoperative localization of primary hyperparathyroidism (Civelek et al). 2002;131:149-57
The value of sestamibi scans (Arici and Clark). 2002;131:238-9 (Letter reply)
The value of sestamibi scans (Hodin). 2002;131:238 (Letter)
**Terminal care**
Arsenic and old lace: end-of-life care in the postoperative period (Jones and McCullough). 2002;131:583-4
**Therapy, computer-assisted**
A new era of robotic surgery assisted by a computer-enhanced surgical system (Hashizume et al). 2002;131:S330-3
**Thrombomodulin**
Soluble thrombomodulin plasma levels are an early indication of a lethal course in human acute pancreatitis (Mantke et al). 2002;131:424-32
**Thrombosis**
Surgical resection combined with chemotherapy for advanced hepatocellular carcinoma with tumor thrombus: report of 19 cases (Fukuda et al). 2002;131:300-10
**Thymidine phosphorylase**
Prognostic value of thymidine phosphorylase/platelet-derived endothelial cell growth factor in advanced colorectal cancer after surgery: evaluation with a new monoclonal antibody (Tokunaga et al). 2002;131:534-40
**Thyroid neoplasms**
Distribution of lymph node micrometastasis in pN0 well-differentiated thyroid carcinoma (Qubain et al). 2002;131:249-56
Frequency and predictive factors of malignancy in residual thyroid tissue and cervical lymph nodes after partial thyroidectomy for differentiated thyroid cancer (Alzahrani et al). 2002;131:443-9
The important role of operations in the management of anaplastic thyroid carcinoma (Sugino et al). 2002;131:245-8

The role of operations for distantly metastatic well-differentiated thyroid carcinoma (Stojadinovic et al). 2002;131:636-43
V804M RET mutation and familial medullary thyroid carcinoma: report of a large family with expression of the disease only in the homozygous gene carriers (Lecube et al). 2002;131:509-14

**Thyroidectomy**
Frequency and predictive factors of malignancy in residual thyroid tissue and cervical lymph nodes after partial thyroidectomy for differentiated thyroid cancer (Alzahrani et al). 2002;131:443-9
Low parathyroid hormone levels after thyroid surgery: a feasible predictor of hypocalcemia (Lindblom et al). 2002;131:515-20
Screening for primary hyperparathyroidism before thyroid surgery: a prospective study (Denizot et al). 2002;131:264-9

**Tissue adhesives**
Closure of lacerations and incisions with octylcyanoacrylate: a multicenter randomized controlled trial (Singer et al). 2002;131:270-6

**Tomography, emission computed, single photon**
Prospective evaluation of delayed technetium-99m sestamibi SPECT scintigraphy for preoperative localization of primary hyperparathyroidism (Civelek et al). 2002;131:149-57

**Transforming growth factor beta**
Delayed liver regeneration with negative regulation of hepatocyte growth factor and positive regulation of transforming growth factor-beta1 mRNA after portal branch ligation in biliary obstructed rats (Yamano et al). 2002;131:163-71

**Transplantation**
Coffee creamer, the bionic man, and organ preservation (Southard). 2002;131:228-9
Protective effects of ex vivo graft radiation and tacrolimus on syngeneic transplanted rat small bowel motility (Schwarz et al). 2002;131:413-23
Segmental small-intestinal transplantation: a comparison of jejunal and ileal grafts (Taguchi and Suita). 2002;131:S294-300

**Transplants**
Differences in endothelial function and morphologic modulation between canine autogenous venous and arterial grafts: endothelium and intimal thickening (Komori et al). 2002;131:S249-55

**Treatment outcome**
Quality of care and the volume-outcome relationship—what's next for surgery? (Daley). 2002;131:16-8 (Commentary)
Relationship between skill and outcome in the laboratory-based model (Datta et al). 2002;131:318-23

**Tumor necrosis factor**
Evidence for a role of nuclear factor-B in acute hypovolemic hemorrhagic shock (Altavilla et al). 2002;131:50-8

U

**Ubiquitin**
Ubiquitin proteasome inhibition and cancer therapy (Shah et al). 2002;131:594-9

**Ultrasonography**
Cryoablation of unresectable pancreatic cancer (Kovach et al). 2002;131:463-4

**Umbilicus**
Immediate navel reconstruction after total excision: a simple three-suture technique (Schoeller et al). 2002;131:105-7
Patent omphalomesenteric duct (Konvolinka). 2002;131:689-90

**Urination disorders**
A prospective study of sexual and urinary function before and after total mesorectal excision with autonomic nerve preservation for rectal cancer (Pocard et al). 2002;131:368-72

V

**Vascular cell adhesion molecule-1**
Estimation of angiogenesis with anti-CD105 immunostaining in the process of colorectal cancer development (Akagi et al). 2002;131:S109-13

**Vascular diseases**
Gene therapy in vascular surgery comes of age (Yonemitsu et al). 2002;131:S261-8

**Vena caval, inferior**
Intermittent total vascular exclusion in removing caudate lobe tumor with tumor thrombus in the vena cava (Seyama et al). 2002;131:574-6

**Virilism**
Surgical treatment of intersex abnormalities: a review (Hrabovszky and Hutson). 2002;131:92-104

**Vitamin E**
Vitamin E inhibits melanoma growth in mice (Malafa et al). 2002;131:85-91

**Vitelline duct**
Patent omphalomesenteric duct (Konvolinka). 2002;131:689-90

W

**Weight loss**
Lap-band failures: conversion to gastric bypass and their preliminary outcomes (Kothari et al). 2002;131:625-9

**Women**
Premenopausal women deposit more collagen than men during healing of an experimental wound (Jorgensen et al). 2002;131:338-43

**Women physicians; *see* Physicians, women**

**Wound healing**
Adenovirus vector-mediated transfer of the vascular endothelial growth factor cDNA to healing abdominal fascia enhances vascularity and bursting strength in mice with normal and impaired wound healing (Ailawadi et al). 2002;131:219-27
Closure of lacerations and incisions with octylcyanoacrylate: a multicenter randomized controlled trial (Singer et al). 2002;131:270-6
Granulation tissue regression induced by musculocutaneous advancement flap coverage (Carlson et al). 2002;131:332-7
Premenopausal women deposit more collagen than men during healing of an experimental wound (Jorgensen et al). 2002;131:338-43

Z

**Zenker diverticulum**
Endoscopic stapler-assisted diverticuloesophagostomy for Zenker's diverticulum: patient satisfaction and subjective relief of symptoms (Stoeckli and Schmid). 2002;131:158-62
